Cut 5 pieces of yarn about 1.5 inches longer than arm piece. Lay inside piece, sew two sides together to form tube over pieces. Pull tight as you sew. Trim “fingers” as desired.

\* If this will be a toy, you can secure the “fingers” with hot glue before sewing the tube closed.

### **Assembly:**

Stuff head. Use tail from start of body to tie tightly around neck. Lift three body pieces, and center arms inside, put three pieces over. Use yarn to tie around under arms as waist. Again, if this will be a toy, you can secure the arms with some glue before tying the waist.

Decorate doll as desired: can add face, hair, ribbon, etc.
